

ALPHA EPSILON PI PHI GAMMA NEWSLETTER

SUMMER 1993

EDITORS: Bruce M. Singer & Andrew Spatz

MESSAGE FROM

Phi Gamma Self Appointed Alumni Chairman

BRUCE M. SINGER
(AS PICTURED IN 1973)

It's been about one year since my last Newsletter. For those of you just tuning in, I am sort of a "self-appointed" Phi Gamma Alumni chairman- because there really is no Formal Phi Gamma Alumni Club. The cost of this newsletter is underwritten by dozens of Brothers that make annual donations to the "Alumni Club" which is voluntarily administered by Brothers Roger Terrone '75 and Bernie Werner '78.

I know there are hundred of you receiving this Newsletter that really get a kick out of it. We shared some great times together in Gainesville. You should take pride in knowing that well over 1,000 other young men have had similar experiences and will share their good times with their families and friends for years to come. So don't just sit there reading this Newsletter with a smile on your face- do something constructive to keep this tradition alive. Write out a check to the AEPi/Alan Wolfe Memorial Building Fund- it doesn't matter how much. Believe me- any amount will make a difference.

I hope you enjoy the rest of the Newsletter. Drop me a line and let me know what you are up to— I'll include it next time.

P.S. My son Andrew was President of last years pledge class (hard to believe!) and is living in the House this year.

AEPi Athletics Update by Grant Kartagener, Athletics Chairman Fall 1993

This past school year at the Phi Gamma Chapter was filled with many exciting moments courtesy of our intramural athletic teams. Again we were successful in Phi Beta Phi's philanthropy- "Down and Dirty Football." We also sent a team to Tri Delt's "Dolphin Daze."

In football we had only an average regular season but we still were able to make the playoffs. Unfortunately, we were ousted from them rather quickly. This fall's team looks to be promising. We are hoping to cash in on the speed and new blood of some of the younger players who will eagerly try to replace the departed graduates. Hopefully, we will fulfill our goal of improving upon last season's 2-4 record.

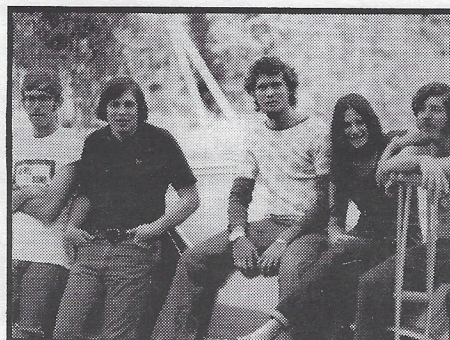

Our soccer team had an outstanding season last fall, advancing to the semifinals in our league. We were defeated by a last second goal in the second sudden-death over time period. The final score was 2-1. We fortunately are returning most of last years starter's including Rob Seifer and defenders Grant Kartagener and Dave Seifer. With a little luck and a lot of hard nosed playing we will win the league championship.

After disapointedly not making the playoffs last season, our basketball team returns with high hopes for success. Led by returning starters Todd Gruverman, Andy Spatz, Brian Signer, and Brian Lapidus, the team is armed and dangerous.

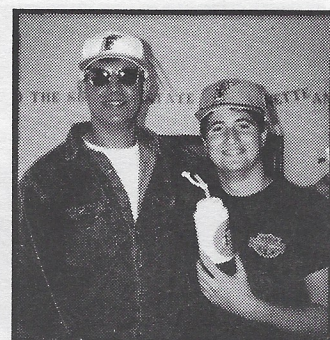

The AEPi softball team is coming off with a very successful season having made it all the way to the semi-finals. Although many starters will be lost to graduation, hopes are high for this year's team. Other teams hoping for new found or continued success include volleyball, tennis, racquetball and bowling. We are all hoping for the best!

ALUMNI NOTES

Gary Arenson '72, C.P.A., was the recipient of the Anti-Defamation League 1992 Broward Network Leadership Award.

Jerry Chautin '62 advises that he and his wife Julie have left the hectic urban pace of Atlanta for the rural North Georgia Mountains. They share 40 acres with flora and fauna in Blue Ridge, Georgia, which is at the borders of Georgia, North Carolina and Tennessee.

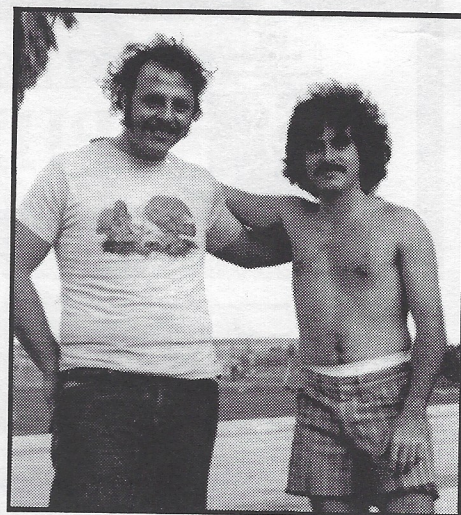

Bruce M. Singer '73 is currently serving as President (CEO) of the Miami Beach Chamber of Commerce and is President Elect of the Miami Beach Bar Association. In case you haven't heard...THE BEACH IS BACK!...

Javier A. Rey '77 is corporate council to State Farm Insurance in Houston, Texas and he is still searching for Steve Weiner's '75 whereabouts- where are you Steve?

David Pearlson '74 was elected in 1992 to the Miami Beach City Commission.

Gary Saslaw '74 recently announced the relocation of his law offices to 208012 Biscayne Boulevard, Suite 304, North Miami Beach, FL 33180-1422, (305) 682-0200.

Henry "Hank" Dan advises that he ran into Lonnie Hertzog in Atlanta. "Lonnie has a nice medical practice and looks great." Hank has a son Toby, who is seven years old and a daughter, Carly, two and a half.

collected over \$1,000 and received many generous donations including a new water fountain and outdoor furniture.

In January of 1993, the AEParent's Club was kicked off the ground. It had been many years since the Phi Gamma Chapter had such an organization which kept a close knit parent-to-son-to-Fraternity relationship. In only seven months we have already begun to develop this vital bond to keep parents informed about their son's lives away from home.

As you probably know, the Club has already collected over \$1,000 and received many generous donations including a new water fountain and outdoor furniture.

National and the Alumni Club have build a new basketball court, fixed the retaining wall and is in the process of funding a new fire extinguishing system in the kitchen as well as replacing the 40 year old window/wall over the stairwell.

Our annual AEParent's Newsletter will be printed in the Fall of '93 and sent to all AEParents, including the parents of the new pledge class. Of course we will keep you up to date on continued renovations of the Fraternity House. I have been elected to be Chairman of the AEParents Club for the Fall of 1993. Hopefully I will be able to augment its continuing success during my junior year while simultaneously striving to obtain a Bachelor's degree in Biomedical Engineering at University of Florida.

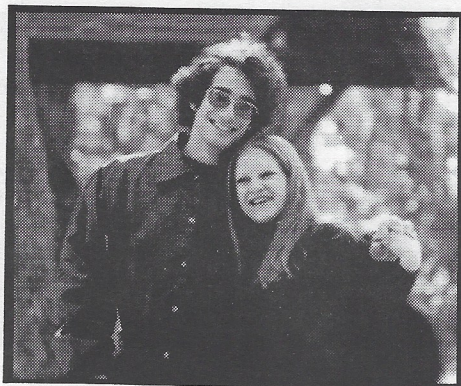

If you have any questions regarding the Club or how you may help, please do not hesitate to call me at (904) 376-3007. Thank you for your support.

SPONDER '61 DONATES FRATERNITY COMPOSITES

Brother Ray Sponder donated 11x10 blow ups of the 1957 and 1958 fraternity composites. The Alumni Club framed the composites and

presented them to the active chapter. The original composites have been long gone from the House. In addition, Ray had twenty reduced

composites made of the 1958 composite which Bruce Singer is forwarding to each brother on the composite. Thanks Ray!
